*EVOLUTIONARY INTELLIGENCE (EI) IS THE ABILITY TO PERCEIVE, LEARN, UNDERSTAND AND ADAPT TO HUMAN LIFE BASED ON THE APPLICATION AND EXPANSION OF THEORICE (THEORY + PRACTICE), SELF-CONSCIOUS OF THE ALREADY ASSIMILATED MECHANISM OF PERSONAL EVOLUTION, THERE INCLUDED: COSMOETHICOLOGY, SERIEXOLOGY, AND PROEXOLOGY.*

*THIS DEFINES SELF-DISCERNMENT OF CONSCIOUSNESS AS REGARDS ITS RATIONAL CONSCIOUS EVOLUTION, INCLUDING THE EVOLUTION OF LUCIDITY, IN THE DYNAMIZATION OF ITS SELF-THOSENE AND COSMOETHIC PERFORMANCE. (VW)*

- The **chakras** are nuclei or fields of energies that **constitute the energosoma**, a vehicle that unites the soma and the psychosoma.
- They act as **connection points** by which energy flows from one body (body and parabodies) to another. In addition to connecting the soma and the psychosoma, they collect and distribute immanent energy, transforming it into consciential energy.
- These energy vortices have **different vibratory gradations** depending on the manifestation of the consciousness.
- The more a consciousness evolves, the more it perceives and makes use of its own energetic capabilities **with greater intelligence**.
- It is **estimated** that there are still **around 88,000** secondary and tertiary force centres in addition to the 7 basic or primary chakras.

#### Highlights

##### 1 Coronochakra

Fig.1  
It is related to the **mentalsoma** (discernment parabody) in regard to the transmission of ideas, rationality, elevated feelings, serenity and consciential balance (holomaturity). It is turned upwards and allows for an expansion of consciousness. It is considered the most important of the chakras.

##### 2 Cardiochakra

Fig.2  
It is related to the **psychosoma** (emotional parabody), being an influential agent in a human personality's emotionality, from romanticism to emotional balance, that is, from the constant immaturity of some adults to the highest level of consciential maturity. It vitalizes the heart and the lungs.

##### 3 Splenochakra

Fig.3  
It is related to the **energosoma** (energetic parabody). It is located in the abdominal region of the spleen. It selects and distributes vitalizing energies throughout the organs of the human body.

##### 4 Sexochakra

Fig.4  
Alt is an absorber of primary energies, and is the chakra that **activates all the other chakras**. Located in the perineum area, between the sacrum and the genitals, it is the seat of **kundalini**, or raw consciential energy. It is closely related to instincts and sexuality. Its activity is triggered by the reception of geoenergies through the soles of the feet (plantochakras), also known as pre-kundalini chakras.

VS  
Specialty BIOENERGETICS

### VS: Vibrational State

Personal paraprophylaxis through will power

"The vibrational state (EV) is the technical condition of maximally dynamizing the energosoma's energies, through the impulsion of the will and employment of a specific methodology, in order for the consciousness to experience personal paraprophylaxis."

Waldo Vieira

### A Técnica do Estado Vibracional

**Reality.** It does not matter if you do not know what bioenergy is. Practices will soon show you the **energy reality**. Even if you feel nothing at first, insist all the same. You will end up feeling it, because consciential energy is an inevitable part of the energosoma's parapsychology.

#### Technique

**1 Soma.** Stand erect with your feet apart. Close your eyes. Let the arms fall along the soma. Direct the flow of personal bioenergy, through the **impulsion of your will**, from head to hands and feet.

**2 Direction.** Bring back the flow of consciential energy, through your will, from your feet to your head. Next, identify through your own self-critical sensations or experiences, the **direction of the energy flow** from the bottom up, contrary to the previous flow.

**3 Flow.** Repeat this procedure 10 times, sensing and discriminating the flow of consciential energy by **sweeping the organs of the soma**. This is how the unblocking and compensation of consciential energy in the energosoma's centres begins.

**4 Rhythm.** Through your unbreakable willpower gradually increase the speed or rhythm of the flow of consciential energy.

**5 Persuasion.** Expand, to the maximum, the intensity or volume of the flow of consciential energy through the circuits, which will become increasingly larger and more powerful **inside and outside of the human body**. You will clearly notice this occurrence. This fact convinces you of the consciousness' multidimensional reality.

**6 Installation.** Finally, install the VS - vibrational state. The flow and closed circuit disappear. The entire energetic psychosphere becomes completely **lit up, dazzling or incandescent** with vibrant consciential energy and you feel this fact without any doubt.

Fig. 1

### Energosoma

The energosoma is the set of **structured** consciential energies **that connect** the conscin's psychosoma and soma.

#### Aspects:

- It absorbs energy and **distributes** it throughout the soma.
- It reacts to thoughts and emotions, **influences** functions and controls the **metabolism** of the human body.
- Unknown by Western medicine, it is used in **Chinese medicine** to explain some healing methods, such as acupuncture and auriculotherapy.
- The healing processes associated with **homeopathy** are also related to the energetic rebalancing of the conscin..

#### Consciential energy

Consciential energy (CE) is also known as **animic force** or personal magnetism. CE is the immanent energy (IE), or primary energy diffused throughout the universe, that has been absorbed and subsequently employed by the consciousness in their personal manifestations and the reactions

## Conscientiology Summary

MULTIEXISTENTIAL CYCLE  
Specialty INTERMISSIOLOGY

### Are we immortal ?

Each consciousness is millenarian and has a long way to go until liberating itself from the multiexistential cycle. On this journey of improvement, the periods between consciousnesses human lives are becoming increasingly more proficient.

#### Consciential States

A consciousness will always be in 1 of 3 consciential states: the **extraphysical** state or it's **real dimension**, the **intrapysical** state of **transient** human life, and the fleeting **projected** state when a consciousness projects itself. An extraphysical consciousness, free from greater karmic commitments, embarks upon for **liberating extraphysical research and experiences**.

#### Multiexistential Cycle

A system in which there is continuous alternation from a period of **human life** (intrapysical rebirth) to an **extraphysical period** (deactivation of the soma), whereby the consciousness enters an **intermissive** phase, thus composing a continuous evolutionary script that we all experience.

#### Extraphysical Agenda

- When a consciousness is lucid and possesses sufficient personal merits, they are assigned the task of lucidly composing their **extraphysical agenda**.
- The data plotted in a consciex's personal agenda can help them reach a primary or advanced **intermissive course**, which occurs after the second desoma (deactivation of remnants from the energetic parabody - energosoma) and before a new human life.
- Veteran human conscious projectors "mimic" this technique in order to **develop** their **parapsychic** abilities through the projected projector's agenda .

- 1 **Extraphysical State**  
The consciex in the real extraphysical dimension.
- 2 **Projected State**  
The consciex projected in the psychosoma.
- 3 **Intrapysical State**  
The consciex in the transitory intraphysical dimension.

**Intermission** is an **extraphysical** interval we experienced between the previous human life and the present one. During intermission, more mature extraphysical consciousnesses (consciexes), with regards to exemplarism and meritocracy, have access to specialized learning known as the **intermissive course**.

## MENTALSOMATIC SELF-DEINTRUSION

**DEFINITION.** MENTALSOMATIC SELF-DEINTRUSION IS THE MOMENT OF MAXIMUM APPLICATION OF CONSCIENTIAL ATTRIBUTES SUCH AS: OPENNESS, LUCIDITY, SELF-DISCERNMENT, CRITICAL JUDGMENT, SELF-PERCEIVABILITY, MENTALSOMA-ENERGOSOMA CONNECTION, AND INTELLECTUALITY, IN ORDER TO UNDERSTAND, FACE, CONTROL, ELIMINATE, OVERCOME, AND FINALLY BREAK WITH PATHOLOGICALLY BASED MONOIDEISM, IDEATIONAL BLOCK, AND NOSOGRAPHIC MENTAL CONSTRUCTION FROM CURRENT OR PAST LIVES.

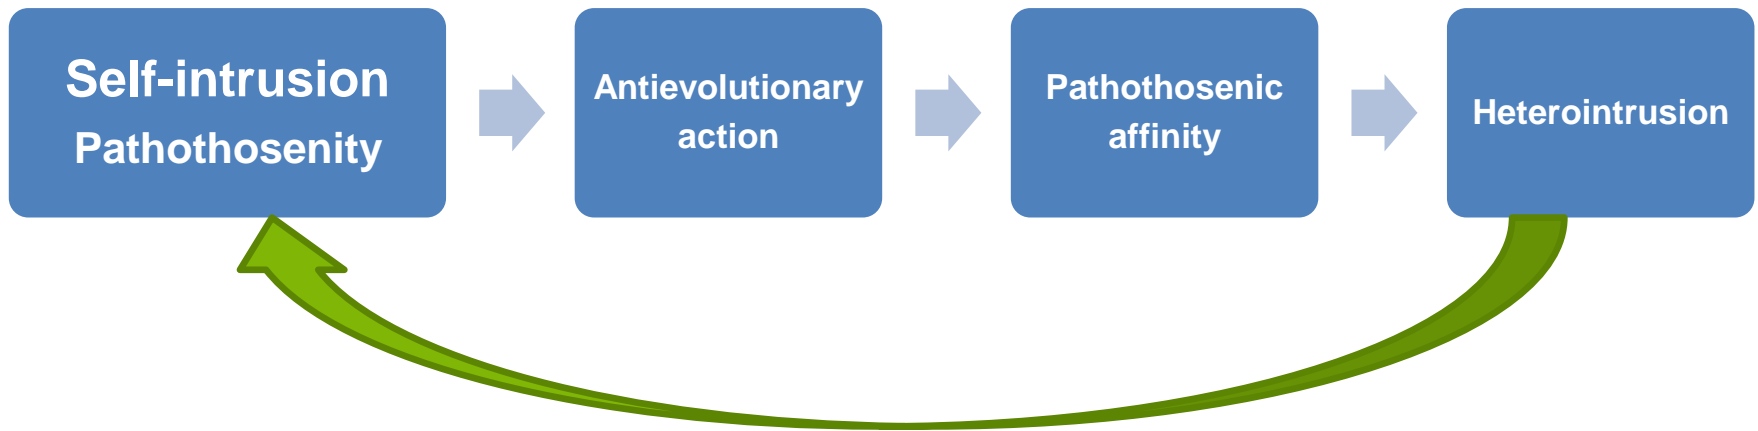

THIS LEADS TO MENTAL CLARITY, CLEAR RATIONALITY, AND THE LIBERATION OF THE COSMOETHICAL STRAIGHTFORWARD THOSENIC FLOW, PROPELLING EVOLUTIONARY INTELLIGENCE (EI) – AND CONTRIBUTING TO ATTAINING A NEW EVOLUTIONARY LEVEL OF GREATER INTELLECTUAL AND PARAPSYCHIC CONSCIENTILOGICAL RESEARCH.

# TAXOLOGY OF INTRUSION

## ➤ AS TO AGENT:

- INTRUSION OF A PERSON ON THEMSELVES – SELF-INTRUSION.
- INTRUSION BY SOME OTHER CONSCIOUSNESS – HETEROINTRUSION.

## MENTALSOMATIC SELF-DEINTRUSION

### **1. HOW TO DEVELOP ?**

SITTING, READING, REFLECTING, WRITING, TEACHING.

### **2. WHAT IS MSD ?**

DEINTRUSION OF ONE'S MAIN HOLOSOMATIC VEHICLE, THEN REVERBERATING ON ALL OTHER VEHICLES.

### **3. WHY ?**

BECAUSE MSD OCCURS IN THE MENTAL BODY, THE TOP VEHICLE OF THE HOLOSOMA

**4. CAN I LEAD A NORMAL DAILY LIFE ONCE THE MSD OCCURRED AS I WAS WRITING MY BOOK ?**

YES, THAT IS THE POINT!!

## MENTALSOMATIC SELF-DEINTRUSION

### 1. WHAT ARE THE MOST COMMON TYPES OF MENTALSOMATIC INTRUSION?

COGNITIVE DISTORTION: *WRITING A BOOK IS NOT FOR ME.*

MONOIDEISM: MONEY, WORKAHOLISM.

*“DR WALDO VIEIRA ALREADY WROTE ABOUT IT ALL.”*

*“HAVE A PLAN TO WRITE 4 BOOKS AT THE SAME TIME.”*

*Examples from Maximiliano Haymann's class  
(in the Mentalsomatic Self-deintrusion Course).*

I DON'T KNOW WHERE TO GO; LACK OF SENSE OF PURPOSE.

# GESCONOLOGICAL INTELLIGENCE

## GESCONOGRAPHIC BLOCK

### 1. FEAR.

AMBIGUOUS EMOTION.

WHEN IN FEAR, A CONSCIOUSNESS' DISCERNMENT SHRINKS BACK TO THE AGE OF THIS FEAR. THAT IS WHY MANY PEOPLE, IN THE FACE OF A TOXIC EVENT WHICH TRIGGERS THEIR MEMORY, ACT AS IF THEY WERE AS OLD AS THAT MEMORY. IN OTHER WORDS, THEY BECOME CHILDREN AGAIN, OR THE SAME PERSON THEY WERE IN SOME PAST LIFE.

## GESCONOGRAPHIC BLOCK

### 1. FEAR.

EMOTIONAL STATE OF FEAR <-> AGREEING WITH NEGATIVE IDEAS

“HUMAN NATURE EASILY SHOWS THAT HUMAN BEINGS DO NOT COME CLOSE AND RUN AWAY FROM 2 THINGS: PAIN AND FEAR. EVOLUTION SUGGESTS THE OPPOSITE: YOU NEED TO MOVE FORWARD, GET CLOSER AND FACE, GO DEEP WHERE THERE IS PAIN AND FEAR”.

FEAR OF WRITING: SOME INTERMISSIVISTS RUN AWAY FROM WRITING ACTIVITIES IN THE ICCC. THERE IS A REASON FOR THAT – MAYBE BACK IN THEIR PAST!

## GESCONOGRAPHIC BLOCK

### 2. GESCONOGRAPHIC APRIORISM.

TO FACE OUR MILLENNIAL REALITY, GRAY HAIR IS NOT ENOUGH, IT TAKES SELF-DISCERNMENT AND A LOT OF HOLOMATURITY.

AND THESE 2 ELEMENTS ARE LEARNED OVER TIME, WITH LIFE EXPERIENCES, AND THE MATURING OF CONSCIOUSNESS.

IT IS FROM THIS SELF-IGNORANCE THAT SELF-APRIORISMS ARISES: FALSE ASSUMPTIONS ABOUT ONESELF. BASED ON THIS PREMISE, IT WOULD BE GOOD AND CUSTOMARY FOR EVERY INTERMISSIVIST NOT TO DISREGARD THEIR SKILLS *JUST LIKE THAT*, IN THE FACE OF THE FIRST FAILED ATTEMPT.

### 2. GESCONOGRAPHIC APRIORISM.

### 2. GESCONOGRAPHIC APRIORISM.

EXAMPLES:

1. *“THIS IS NOT FOR ME”*.
2. *“I HAVE OTHER PRIORITIES”*.
3. *“I DO NOT HAVE THE SKILL, REALLY!”*
4. *“GESCONOGRAPHY IS FOR A DIFFERENT LEVEL OF CONSCIOUSNESS, NOT FOR MY ‘BASIC’ LEVEL”*.

AT UNIESCON THERE IS A VERY CLEAR PRINCIPLE: THE BOOK IS READY WHEN THE AUTHOR IS READY. WHEN THE AUTHOR IS READY, THE WORK IS ‘JUST’ TO WRITE THE BOOK. TO CHANGE THE PRE-AUTHOR MIND (INTRACONSCIOUSNESS RECYCLING) IS MORE DIFFICULT THAN TO WRITE A BOOK.

## GESCONOGRAPHIC BLOCK

### 3. SELF-WORTHLESSNESS.

IN SELF-WORTHLESSNESS THE PERSON DOES NOT VALUE HIS/HER OWN LIFE. NOT THAT HE OR SHE IS DEPRESSED, OR THAT THERE IS ANY OTHER CRITICAL MAJOR EMOTIONAL CHANGES, BUT THE FACT IS THAT HIS/HER SCHEDULE HAS NO SPACE FOR HIS/HERSELF.

## GESCONOGRAPHIC BLOCK

### 3. SELF-WORTHLESSNESS.

WRITTEN WORK IS BORN OUT OF FREE TIME TO THINK ABOUT YOURSELF AND THE GESCON. THE GESCON IS THE RESULT OF LIFE ITSELF. IF LIFE IS NOT OF GREAT VALUE TO YOU, THE VERY SENSE OF REGISTERING IT IS LOST.

IN SELF-WORTHLESSNESS, THE FOLLOWING PHENOMENA OCCURS WITH THE CONSCIN: THE PERSON DOES NOT KNOW THAT THEY ARE NOT VALUING THEMSELVES, AND IF THERE IS NO AXIOLOGICAL REFLECTION ON THEMSELVES, LIFE IS NOT VALUED IN THE CORRECT DOSE – LIFE HAS NOT EARNED ITS DUE PRIORITY.

QUALIFIED GRAPHOTHOSENIC RECORDS DEPEND ON A SELF-ORTHOEVALUATIVE SCALE.

### 4. INTELLECTUAL SEDENTARINESS.

*DO IT.*

LIKE HEALTH SEDENTARINESS – THERE IS NO CHOICE.

*JUST DO IT!*

### 5. DISPERSIVENESS.

2. OTHER INTELLIGENCES: COMMUNICABILITY, PARAPSYCHISM, INTELLECTUALITY, SPATIAL, SOCIAL... EACH OF THEM IS A SET OF ABILITIES AND SKILLS TO BE LEARNED AND DEVELOPED, UNTIL WE REACH THE '*KNOW HOW*', LIKE DRIVING A CAR, BE A PHYSICIAN, OR LOCATE YOURSELF IN A FOREST LATE AT NIGHT WITHOUT A SMARTPHONE.
3. WRITING A CONSCIENIOLOGICAL BOOK MEANS UNDERSTANDING THE ROLE OF OUR ABILITIES AND PRACTICE THEM – FROM THE FIRST IDEA TILL THE END OF THE BOOK, WHEN IT IS PUBLISHED.

## GESCONOLOGICAL INTELLIGENCE

**DEFINITION.** GESCONOGRAPHIC INTELLIGENCE (GI) IS THE COMPETENCY APPLIED BY A CONSCIN TO THEIR SET OF GRAPHOTHOSENIC ABILITIES AND SKILLS LIKE PERCEPTION, LEARNING, AND UNDERSTANDING, THROUGH CONTINUOUS EFFORT AND INVESTMENT IN MENTALSOMATIC SELF-DEINTRUSION – CAPABLE OF PROVIDING THE *MODUS OPERANDI* OF THE HEURISTIC-INTELLECTUAL-PARAPSYCHIC PROCESS IN GESCONOLOGICAL BASES, TAKING IT AS NATURAL TO WRITE AND PRODUCE A CONSCIENTIAL GESTATION – CONGEST OR MEGACONGEST.
